March 7, 2024

Dear Shri Ajay ji

At the outset, I would like to express our heartiest congratulations and gratitude to you and your entire team for the successful installation of the 'Safe RO Drinking Water Station' in Gandhi Smriti on March 4, 2024 as part of the CSR initiative of Tourism Finance Corporation of India Limited (TFCIL). We also extend our gratitude to the International Academy of Environment Sanitation and Public Health for their whole-hearted cooperation in bringing this project in Gandhi Smriti to its fruition.

As Gandhi Smriti, where Mahatma Gandhi lived the last 144 days of his life, is a tourist place where people from all over the world come to pay their tributes to Mahatma Gandhi, this RO Water Station will definitely be of great respite for them especially during the summer seasons.

I am taking this opportunity to once again thank you for this initiative of yours, and requesting you to kindly look into the possibility of installation of a similar 'Safe RO Drinking Water Station' in Gandhi Darshan, Rajghat, as discussed and agreed upon earlier. Gandhi Darshan, Rajghat, which houses three different museums, also has a large footfall of visitors from different parts of the world and young students from schools and colleges.

I am looking forward to your kind cooperation in this regard to finalise the setting up of the 'Safe RO Drinking Water Station' in Gandhi Darshan, campus at Rajghat at the earliest.

With warm regards.

Sincerely yours,

  
(Dr. Jwala Prasad)

Shri Ajay Kumar
